- <https://www.linkedin.com/in/thakur-divyansh-singh-1162bb3333>

SKILLS

- User experience implementation: HTML, CSS, JavaScript, React.js
- Server-side programming: Node.js, PHP
- Database development with MySQL and MongoDB
- Problem-solving • Time management • Team management • Multitasking • Calm under pressure

PROJECTS

Alumni Connect – Full Stack Alumni Networking Platform

Developed a role-based alumni networking platform enabling students to connect with verified alumni for mentorship and career guidance. Implemented secure authentication, profile management, search & filtering, and admin moderation features. Designed a responsive UI to enhance engagement and streamline communication between users.

Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, REST API

Smart Attendance Management System with One-Time Code Verification

Built a secure attendance system where teachers generate session-based one-time codes for student verification. Implemented role-based dashboards (Admin, Teacher, Student), subject/stream-based access control, and real-time attendance tracking. Ensured data integrity using authentication and structured database management.

Tech Stack: React.js, Node.js, Express.js, MongoDB / MySQL, JWT Authentication

Real-Time Collaborative Code Editor (Monaco IDE Integration)

Developed a real-time collaborative coding platform allowing multiple users to edit code simultaneously. Integrated Monaco Editor for IDE-like experience, live presence tracking, chat functionality, and secure project management. Implemented backend APIs for authentication, file handling, and sandboxed code execution.

Tech Stack: React + TypeScript, Vite, Node.js, Express.js, MongoDB, WebSockets, Monaco Editor

Workflow Automation System (n8n Inspired No-Code Platform)

Designed and developed a workflow automation platform enabling users to create node-based automation pipelines. Implemented trigger-action logic, workflow builder UI, and execution engine for task automation. Focused on scalability, modular architecture, and API-based integrations.

Tech Stack: React.js, Node.js, Express.js, MongoDB, REST APIs

EXPERIENCE

6th Semester, Expected in 09/2026

R.K. Desai Group of Colleges, Veer Narmad South Gujarat University (VNSGU), Vapi, India

ACHIEVEMENTS / CERTIFICATIONS

- Completed 1-Month Internship at IBM
- Udemy Certificate in Web Development

- Udemmy Certificate in IBM

HOBBIES / INTERESTS

- Coding and experimenting with new web technologies, Designing interactive UI
- Problem-solving & logical reasoning
